Summary

As a skilled software engineer with a strong background in e-learning, I bring a wealth of experience in English, Java and Spring Framework. With a Bachelor of Technology in Computer Science from the College of Engineering Kalloppara, whether working independently or as part of a team, I am committed to delivering projects on time and on budget, while always striving for excellence in everything I do.

Experience

Junior Software Developer

Adeptus Technologies LLC

Dec 2021 - Present (1 year 6 months)

- Successfully built backend programs with Java Spring Framework, CassandraDB, Neo4jDB and Solr for updating and resolving various APIs
- Done training in Apache Karaf, Flume, Flink and Kafka
- Contributed to research for deploying Kafka on Kubernetes
